All students beginning their sophomore year should have 7 credits, all juniors should have 14 credits, and all seniors should be starting the year with 21 credits. If your child does not have these credits, please make it a priority to speak with your child's counselor to set up an appointment to ensure that a credit recovery plan is created. Appointments can be made during registration for Fall Semester.

One of the most important indicators of student success in high school is attendance. Our goal is for students' to be in school/class at least 95% of the time (***this means that your child should only have up to 4 excused absences per semester***). Please monitor your child's attendance closely. Parents/Guardians are an essential component of a student's success, and I would love to work more closely with all of you to strengthen the educational opportunities available to our students. Also, please make sure we have an up-to-date email, home address and phone number on file at the school so that you can receive newsletters and important updates that are sent out through Catalina's Parent Link system.

At Catalina, our mission is to see students graduate with the skills and knowledge necessary for college and career success. We strive for greatness, promoting community involvement, responsible citizenship and lifelong learning. I look forward to working with you in this partnership as we encourage our learners to participate in clubs, sports, and events to help them maintain a positive connection between their Academics and Catalina High School. Enjoy the rest of your summer. I look forward to seeing you at the end of July for Catalina's Walk-Thru Registration.

Our theme this year will be "Hope," so be sure to communicate with your students about their experiences with their teachers and the message of Hope.

GO Trojans!!!
